Ah, I love this chick. And really feel the need to slap Kirk Cameron upside the head. Except it would violate the rede. Damn.

One of the advantages of following a Trickster god is the obligation to vigorously apply the cluebat when required.

looks over KC

Hmm, I think this calls for the specially reinforced ClueBat™ ...

I wish my gods were that cool. Cluebat away, please, on behalf of those who cannot. :)

Hm... If you do it right, it won't damage him, and could MAYBE dislodge the stone from his brain crevices...

By all the gods above and below, who dumped all this stupid into the world when I wasn't looking?!?

Time for some more chlorine in the gene pool, methinks.

And I'm almost saddened by the fact that I got to use this new icon so soon, but I'm glad I know awesome people that create cool things. :)

Sigh.

Freedom of Speech sadly also seems to mean Freedom of Stupidity.

Sigh.

Wow. Just...wow.

Kirk Cameron actually *believes* the stuff he's saying.

That hurts my brain, yo.

Your icon is so right, and yet so wrong.

Dear Kirk Cameron,

The baby Jesus called to talk to me about something you were promoting, all I could make out was your name and 'origin of species' and uncontrolled sobbing.

Please stop whatever it is you're doing. He seemed really upset.

Sincerely,

me

That was an horrifically slow download (wireless internet = not always a wonderful thing), but oh, so very worth it. Thank you!
